

The background of the entire image is a dense, close-up photograph of numerous pink rose petals. The petals are in various stages of bloom, showing different shades of pink from light to deep magenta, with some yellow centers visible. They are piled together, creating a textured, floral pattern that fills the entire frame.

A wide-angle photograph of a lush field of pink roses in full bloom. The roses are densely packed, filling the foreground and middle ground. In the background, a building with a red-tiled roof is visible on a hillside, surrounded by greenery. The sky is a clear, pale blue. The overall scene is vibrant and scenic.

LuxyBio

ISPARTA; THE LAND OF ROSES

Isparta is a city in western Turkey and the provincial capital of Isparta Province.

Another name of the city is “Land of Roses” which the famous flower grown in Isparta and its endemic name is Rosa Damascen.

Isparta exists in a land of fragrant roses and rose products, there is even an international fair of roses and carpets held in the city around mid-June every year.

There are beautiful lakes of peaceful waters, many impressive caves around the province, and high plateaus which consists of about 45% of Isparta, thus making it one of the prettiest cities in the Mediterranean region.

ROSE PRODUCTS

In this part we will share some information about ROSE effects on health and then we will introduce you our ROSE products.

Rose's Effects on Skin

Most effective for;

Moisturizing
Hydrating
Antiseptic actions

Repairs;

Broken Capillaries
Inflammation
Skin Redness

Helpful for;

Eczema
Herpes

Antioxidant Effect

A study showed the efficacy of the antioxidant activity of the essential oils from different Mediterranean plants and spices.

Anti-Inflammatory Effect

The studies show that the aqueous extract of Rosa damascene can be used in the treatment of recurrent aphthous stomatitis thanks to its anti-inflammatory and antinociceptive properties.

Anti Microbial And Antibacterial Effect

Rose essential oil exhibited the strongest bactericidal activities at a concentration of 0.25% (v/v), so it is used as a very effective organic and non-damageable products for acne and bacterial pimples.

Treatment and Relieving Effect

It has been demonstrated that rose essential oils are capable of relieving and often they can even eliminate skin ailments caused by circulation problems. The roses oils act by repairing ruptured capillaries, reduce redness and improve the general condition of the skin.

Because you deserve love, romance and courage...

LAVENDER PRODUCTS

In this part we will share some information about LAVENDER effects on health and then we will introduce you our LAVENDER products.

Lavender's Effects on Skin

Most significant reasons to use Lavender products;

- Fights Acne
- Soothes Eczema and Dry skin conditions
- Anti-Inflammatory superstar
- Detoxifies skin
- Heals injured skin
- Helps prevent wrinkles
- Reduces Scarring
- Contributes to the clarity and radiance of skins

Fights Acne

Lavender oil is naturally antibacterial, meaning that it kills acne-causing bacteria that might infiltrate your pores. This makes the purple flower perfect for preventing, calming, and healing painful acne breakouts.

Soothes Eczema and Dry skin conditions

If you've been itching away at dry skin patches with no hope in sight, turn to lavender oil for some much needed relief. As we mentioned, lavender oil does a stellar job at balancing your skin's moisture barrier, so that it isn't too oily or too dry.

Anti-Inflammatory superstar

The effects of lavender are known far and wide for managing stress and reducing anxiety. Not surprisingly, it offers the same calming benefits for your skin. You can use calming lavender oil for skin to help reduce redness, blotchy patches, and acne scarring. Lavender oil's anti-inflammatory properties make it great for soothing and healing skin that's irritated or reddened from the sun, insect bites, or bacteria.

Helps injured skin

The ancient Greeks used lavender oil to clean wounds, heal burns, and treat other skin injuries. Its antiseptic properties also help skin to heal faster, while fighting and preventing further infection.

Helps prevent wrinkles

Lavender oil is a potent source of antioxidants and other beneficial phytochemicals, making it useful for battling signs of premature aging. Antioxidants fight free radical damage, which is caused by environmental stressors like UV rays and pollution.

Natural Lavender Pure Water

- Lavender water is suitable for normal to oily skin with its regular properties.
- With its antibacterial action, lavender water helps to deal with acne and its recurrence.
- Lavender water itself cleanses the pores, thus preventing the recurrence of acne and blackheads.
- You can use it as a base before applying creams or refresh the skin in the evening.
- Lavender water can be used as a completely natural and healthy substitute for thermal/micellar water or a tonic.

Natural Lavender Face Oil

Lavender essential oil boasts powerful anti-inflammatory, antimicrobial, antioxidant and antibacterial properties that, when working together, offer substantially more benefits for your skin than you probably ever realized.

Its potent natural healing properties even extend to successfully treating troubling skin conditions like eczema, psoriasis and rosacea. It also soothes the worse sunburn and helps treat minor wounds, rashes and insect bites. And if that's not enough, lavender oil lightens and brightens too – and gives your skin a wonderful glow.

One of the best and most versatile of all essential oils for skin, lavender calms, soothes, nourishes, repairs, treats, detoxifies, and rebuilds collagen while promoting healing and overall skin health. Its small molecular structure helps it penetrate deep into the skin so supporting healing from the inside out.

LuxyBio[®]

Natural Mineral Lavender Micellar Water

- Promotes skin hydration
- Removes dirt and oil
- Good for all skin types
- Keeps skin clear
- Portable and convenient

Micellar water is a multipurpose skin care product that has become a favorite among beauty gurus and dermatologists alike.

Micellar water is not only gentle but also highly effective at removing dirt, makeup, and oil to help clear out your pores while toning the skin.

Organic lavender micellar water carries both micellar and lavender benefits at once on skin and makes it brighter, shining and young.

Natural Lavender Skin Care Soap

The lavender plant is naturally anti-inflammatory and antiseptic, and it can soothe sunburns and reduce scarring. These properties make lavender soap an effective way to reduce skin inflammation and treat skin conditions. Adding lavender to your daily hygiene routine can help you combat inflammation daily.

Other lavender soap benefits for face and body include the ability to treat acne and other skin conditions naturally. As well, this type of herb-infused soap can help rejuvenate the look of skin. Its natural toning properties can help restore the skin's youthful glow.

Aside from the comfort its scent lends, lavender also provides anti-inflammatory and anti-bacterial properties. Using an organic, gentle handmade soap made with lavender oil can help people suffering from skin conditions such as mild burns, scabies and dermatitis.
